

# A Community Asset Since 1937

For 87 years Clark Memorial Library has grown to meet the needs of the Bethany Community. From the commitment of our original founders (like-minded citizens who felt it was important to have a library) to our current all-volunteer board and our dedicated staff, the Library has provided a welcoming environment for reading, socializing and cultural activities. The ongoing support of our patrons and benefactors allows us to continue to grow.

*Patrons enjoying some of the library's offerings*

The library offers activities for all ages, as well as a robust collection of print and digital materials. Our membership in the Libraries Online (LION) consortium expands access to the print collections of 30 other libraries that are available for delivery each week. We offer e-books and audiobooks through user friendly apps on mobile devices. Our warm and welcoming building is open to individuals, families, and community groups. We are small enough to offer personalized services and our outreach is large enough to bring high quality resources to meet the needs of our patrons.

As we complete our current Strategic Plan for the next five years, we are aiming for continued strong growth in programs and services. Through concentrating on internal and external planning that meets the organizational and financial needs of the Association and the Library, we hope to bring sustainable, innovative approaches to maintaining infrastructure, strengthening our non-profit Association and enhancing community engagement.

We are looking forward to the next five years and we need your help to make it happen. Your support helps ensure our success. Any gift, no matter the size, is greatly appreciated.

With gratitude,  
The Bethany Library  
Association
