

A Community Asset Since 1937

The efforts to transition resources during the challenges of the past two years have resulted in a resilient and creative approach to ongoing library services for the Bethany community. Digital access and online ordering of books are priorities. We continue to provide print materials from our 28 library LION consortium as well as our own collection through curbside pick up and within the building. The expansion of the front Reading Garden for outdoor activities and programs has been well received and we plan to expand those offerings.

The temporary relocation of the Children's Collection is complete. We are welcoming our youngest patrons to a cozy corner of the library upstairs for the next few months during the renovation of the Children's Room, with hope that the project will be finished by spring 2022.

With your generous contributions, we are creating a library environment that is sustainable and ready to meet future challenges. The Library is a better place because of you. Please give as generously as possible to help us maintain quality library services and continue to Engage, Connect and Grow.

With gratitude,
The Bethany Library
Association
